## PRINCIPAL'S WORDS FOR YOU!

Dear Student,

Nursing is the right career option for those candidates who have the zeal and interest to serve mankind. Diploma in General Nursing & Midwifery (GNM), the basic course in nursing is a formal educational programme, which focuses on equipping and channelizing the knowledge, attitude, skills and potentials of the students effectively and efficiently towards providing quality health care services. Our effort by a team of qualified, experienced and committed teaching faculty shall be to prepare students intensively towards maintaining high professional standards and facilitate them for quality nursing practice.

Nurses are a critical organ of the healthcare sector and make up the largest section of healthcare professionals. Nursing is an integral part of the healthcare services of the country playing a very vital role in the curative, preventive and promotive aspects of health care in the community. We sincerely believe that the preparation for a career in nursing is more than acquisition of technical skills and experience. It requires the virtues of sympathy, loving care, compassion and above all an understanding of the dignity of the individual as a human being, without regard to race, religion, class or ability.

On behalf of the Iqra Academy of Nursing, I welcome you to our institution. We nurture the intellectual spirit of the students to become aspiring, dedicated and exceedingly skilled professionals. An emphasis is put on academics, developing hands on skill and extracurricular activities, as all these in fine balance creates an accomplished individual and encourages them to be socially relevant. Iqra Academy of Nursing is committed to transform you by equipping you with the positive skills that will empower you to obtain a career and make a meaningful contribution to society at large.

I look forward to the next part of our collective journey towards success.

*Rita Bora*
